Violation Address: Arlington Facility

Major East/West: West Dobbins

Major North/South: 331st Avenue

On the: NE Corner

City: ARLINGTON

Violation Description: I live 3 miles west of the Arlington facility. Winds blowing west carried a foul stench from their place where it came into my home. It smelled like sweaty shoes with some ammonia mixed in. My home does not have central AC so I have to leave my windows open for ventilation. This smell re-occurs frequently and it often wakes me up during the night. Something needs to be done because I have had to put up with this for years.
